The screenshot shows the EpiMolBio v.0.1 web application interface. The main header is green with the text 'OTRAS MUTACIONES POL' and a logo. A sidebar on the left contains navigation links: EpiMolBio, INICIO, VIRUS (highlighted), VARIABILIDAD, HOMOLOGÍA, RASTREADOR, ALINEAMIENTOS, and HERRAMIENTAS. At the bottom of the sidebar are flags for Spanish and English. The main content area has a dark blue 'Entrada' button and a '< Atrás' button. Below these are four input fields: 'Proteína' (dropdown with 'RT' selected), 'Virus' (checkboxes for 'VIH-1' (checked) and 'VIH-2' (unchecked)), 'Formato de Salida' (dropdown with 'Lista' selected), and 'Cribado' (dropdown with '> 75%' selected). At the bottom are a 'Salida' button, an information icon, a help icon, and 'Calcular' and 'Cancelar' buttons.
